## Scout Memorial Home Officials Chosen and Dedication Date Set

### Anderson, Donor, Named President; Building is Nearly Finished

With incorporation completed, officers of the Lella J. Anderson Memorial foundation controlling Antioch's new scout home were chosen by the board of directors Sunday. C. K. Anderson, donor, is president; Harold E. Cardiff, Boy Scout leader, vice president; Mrs. W. C. Petty of the Business and Professional Women's club, secretary; and Mrs. A. H. Kaufmann, Girl Scout leader, treasurer.

They and other members of the board of directors are: Dr. D. N. Deering of the Lions club; F. A. Swenson of the American Legion and Mrs. Edmund F. Vos of the Antioch Woman's club.

The tentative date for the dedication of the new building has been set for Sept. 19, depending on the completion of the building. The next meeting of the board of directors will be held Friday, Sept. 3, when the by-laws will be adopted.

It is anticipated that the scout home will be completed within the next 10 days.

**1000 Yards Dirt Donated**  
An outstanding piece of work in connection with the grounds was completed last Friday when 1,000 yards of dirt were brought from the village grounds east of the Soo tracks in filling a low place around the building, and leveling the lawn.

The Schneider Construction Co. furnished the shovel and bulldozer, and a truck; William Thifeman, supplied the village truck; Elmer Hawkins supplied a truck and did the driving; Henry Palm drove the township truck, supplied by Rbt. Webb; Carl Barthel supplied a truck which was driven by Irving Elms; and the Antioch Lumber and Coal Co. provided a truck. Merrill Cunningham on Thursday had his leader in use.

The hole from which the dirt was taken will be used for the burying of garbage at the village grounds.

Homer LaPlant has completed building of the fireplace and George Bellock is hanging the doors. Some of the hardwood flooring is yet to be laid and with the heating plant installed, the home will soon be ready for use.

It will be a place of which the community can be proud and can find great use.

## New Dance Studio To Be Opened in Antioch Soon By Elizabeth M. Sterling

Elizabeth Marsh Sterling, nationally known in ballet circles, will open a studio in Antioch for class and individual instruction in ballet and character dancing during the first week in October.

Mrs. Sterling has had many years of teaching and professional experience in Chicago, and for the past four years has been co-director of the Atlanta (Georgia) Civic Ballet, and partner-teacher in The Atlanta School of Ballet. She studied in Europe, at the Novikov School of Ballet in London, with Manuel Otero, Spanish Maestro of Seville. Among other schools where Mrs. Sterling has received training are the following of national recognition: Bertha Oehsner, Marie Veatch and Adolph Bolm of Chicago; Angel Canino and Ivan Tarasoff of New York; Eduardo Canino of Los Angeles; Marguerite Heaton (Dalcroze Eurhythmies) in Switzerland; Vincenzo Celli, Milan, Italy; Ronny Johansson, Sweden; Hildaliese Entemann, Germany.

Mrs. Sterling is no stranger to Antioch. She is the daughter of Mrs. Isabelle R. Marsh of Beach Grove and has spent many summers in and near Antioch.

Registration of pupils for individual or class instruction will be received at 445 Lake Street from 2 to 5 o'clock, Monday, August 23. Registrations may also be placed by telephoning Mrs. Sterling at Antioch 227-J-1.

Mrs. Sterling states that she will accept students from four years upward, including adults. Classes will be limited to 12 pupils so that more specialized instruction may be given.

The location of the studio will be announced later.

**Pape's Bride-Elect**  
Complimentary to their daughter, Lorraine, who is to become the bride of Mr. R. Bernhagen on Sept. 12, Mr. and Mrs. Henry Pape entertained guests at dinner Sunday at their home in Pape Villa. The dinner was served in picnic fashion out of doors. The bride-elect received many gifts.

## Arrest of Reckless Speed Boat Drivers is Ordered By Dept. of Conservation

Arrest and prosecution of all reckless speed boat drivers in waters of the Chicago area was ordered today by Director Livingston E. Osborne of the Illinois Department of Conservation.

The order was issued from Springfield by long distance telephone to Assistant Chief A. J. (Tony) Maggio, in charge of the Department's Chicago office.

Inspector Maggio was directed to re-enforce his patrol of Law Enforcement officers in the Fox Chain O'Lakes following complaints from residents of the area that weekend speedboaters again were endangering the lives of vacationers, especially fishermen, many of whom have been driven from the lakes by reckless driving.

Three Department patrol boats will cruise the Fox Chain this weekend and all violators of the state motor boat safety laws will be placed under arrest, Maggio stated. Additional boats and more Law Enforcement officers will be transferred to the area if necessary, Chief Inspector Robert C. Sparks announced from Springfield.

## Fred Vonderheid Dies At Watervliet, Mich.

Fred Vonderheid, aged about 47, a former Antioch bakery employee, died Sunday at his home in Watervliet, Mich., according to word received by his cousin, Clarence Shults.

Mr. Vonderheid was employed as a carpenter contractor at the time of his leaving for Watervliet 25 years ago. He is a member of the Antioch lodge A. F. & A. M.

Surviving are the widow and one child.

Burial was at Watervliet.

## Coach Issues Call for Football Candidates; New Bleachers Bought

On the eve of his departure Tuesday for Madison, Wis., to attend a coaches school, Coach Maurice Kruzan of the Antioch Township High School issued a call for football practice on Aug. 25, at 7 p. m., at the school grounds.

"I want every boy out if he is interested regardless of size or experience," said Coach Kruzan.

Between attending conservation school, building a new house near Loon lake and operating his turkey farm, Coach Kruzan has had a busy summer. He will attend the All-Star football game at Chicago this week.

Kruzan announced that this year patrons at the football games will be more comfortable as the result of the purchase of good substantial bleachers capable of seating 1,000 persons. Enough will be placed on the west side to seat 700 persons and the rest will be placed on the east side of gridiron. The latter will accommodate the visitors.

## Elderly Wage Earners Told To File for Social Security Benefits in Case of Illness

Would you throw away a check for \$10 to \$44 every month? Many elderly wage earners, temporarily away from work because of sickness, are doing just that by not filing claim for social security benefits on time, reports Mr. Bernard Barnett, Manager of the Social Security Office located at the Post Office Building, Waukegan, Ill.

Frequently employers and unions have established plans to provide sick payments when a worker is ill—to tide him over until he can get on his feet again. These payments, made under a definite company or union plan to sick wage earners, are not wages under the Social Security Act. Their receipt will not bar a worker, age 65 or more, from receiving social security benefits if he qualifies otherwise. Nor will they bar his wife from receiving her benefit in the event she is also 65.

"Every worker should get in touch with his local social security office at age 65," warns Mr. Barnett. "The field office will advise of rights under social security and will assist in establishing claims for benefits. Payments cannot be made unless a claim is filed with The Social Security Administration." Barnett advises that if a worker is too ill to call at the office, in person, arrangements can be made for a representative to call at the home.

## Schools Open Sept. 8; High School Students Register This Week

### Enrollments Increase; Few New Teachers Here This Season

Preliminary steps for the opening of the Antioch Township High school were taken this week when registration was conducted for those whose programs were not definitely established last autumn.

The high school will be started on Wednesday, Sept. 8, with both teachers and pupils reporting the day before. The teachers will attend an institute in Waukegan and a staff meeting in the late afternoon or evening and the students will go to the school to buy text books.

The registration on Monday, Tuesday and Wednesday afternoons and evening this week revealed that between 270 and 280 students will be enrolled this year. This is approximately 30 more than last year. T. R. Birkhead, principal, said. Those registering are freshmen, new upperclassmen, and those changing programs.

There will be two new teachers on the staff this year. Announcement already has been made that Miss Carol Bean will teach and Principal Birkhead announced yesterday that Richard Payne, commercial teacher and assistant coach had resigned to accept a position as commercial teacher at Woodriver, Ill., his home town.

Payne will be replaced by Wayne Polley, who comes here from Waynesville, near Bloomington, Ill. He has a family of a wife and two children and is seeking a house for them.

Polley will serve as assistant coach in addition to his commercial teaching.

**Grade School Opens Also**  
The Antioch Grade School also will open on Sept. 8. Teachers will attend the institute at Waukegan on Sept. 7. The only change in the staff this year is in the third grade where Mrs. Charlotte Atkinson will replace Anna Neilson, retired.

## Patsy May Cummings Aid Fund Receives Substantial Amounts

### Methodist Church, Lions Club Contribute More Than \$50

Substantial contributions to the Patsy May Cummings fund were received during the week.

The Methodist Sunday school gave \$28 and the Lions club has prepared a check for \$25.

Gifts of clothing, toys and towels also were received and brought to the Antioch News to be turned over to the Cummings family.

"We don't want negligence to reduce our rightful recognition of this worthy situation," said one contributor. "A brave mother who alone supports these two children and a little girl who was courageous enough to carry her brother to safety through smoke and flame surely merit lots of aid."

Among the gifts of this week are those of Mrs. Robert Schramm, H. R. Stott, and Mrs. Thomas Perkins.

## Wisconsin Fairs Called Big Success This Year By Antioch Attenders

Wisconsin fairs attended this year by many Antioch township residents are huge successes according to reports.

A new record in attendance and exhibits was established last week by the Kenosha county fair at Wilmet. The horse show again was the outstanding attraction.

Antioch FFA boys were among the exhibitors, and Antioch dealers were represented with commercial displays. The Wilmet fair is always popular in this part of Illinois.

The Wisconsin state centennial exhibition held in connection with the annual fair is a tremendous success. The women's hall in which rooms of the early periods are outfitted with furniture and accessories of the times is attracting much attention.

Also outstanding is the musical show at night in which native Wisconsiners of radio, screen and concert fame are featured. Spectacular aerial acts are interspersed.

This week, trotting races are run before the grandstand and on Sunday there will be a 100-mile race for stock cars.

The fair will last until Aug. 22.

## Fox Lake Leads in State Fishing Rodeo; Grass L. Yields Bass for a Motor

Top prizes in the \$50,000 Illinois Fishing Rodeo continued to be passed out to lucky anglers this week as the unique contest entered its final month.

Director Livingston E. Osborne of the Department of Conservation, sponsor of the competition, announced that 162 awards in cash and outdoor equipment have been presented to date, in which 98 have been given for tagged fish caught in the Chicago area alone.

First of the "big money" prizes went to Raymond Gavin, of 636 S. Eighteenth ave., Maywood, who caught "Little Art," a large-mouth black bass, in Lake Marie, the tag on which won him \$100 cash, donated by Art Bass, department store owner of Fox Lake. "Little Art" was released June 12 in Nippersink Lake off the Fox Lake bridge and had traveled more than six miles north to the spot where he finally took the minnow being trolled by Gavin.

**Adolph's Given Motor**  
The fourth outboard motor to be awarded in the rodeo went to R. E. Smith, of 139 W. Russell st., Barrington, who caught a bass in Grass Lake which won for him a 2 1/2 horse power Johnson contributed by Adolph's Channel Inn of Antioch.

The week's winners broke the three-way tie for first place in the Fox Chain of Lakes, putting Fox Lake into the lead with 9 prize fish caught to date; Lake Marie second with 8, and Channel lake third with 7.

The only Northern Illinois water producing more tagged fish remains Prince Lake in DuPage County, where bullheads were tagged and released for youthful anglers, who already have caught 12 of these in addition to one crappie and one bluegill.

Here is the tabulation to date for Chicago area waters:

Prince Lake, 13; Fox Lake 9; Lake Marie 8; Petite Lake 6; Grass, Griswold and Round Lakes, and Churchill and McDowell Preserves, 5 each; Bluff Lake, 4.

Diamond, Maple and Nippersink Lakes 3 each; Cedar, Ellyn, Herrick, Pistakee and Wooster Lakes, 2 each; Crooked, Fish and Long Lakes; Lake Zurich, DuPage and Fox Rivers and Wheaton Lagoons, 1 each.

Species of Chicago land tagged fish caught are divided as follows: Bluegills, 65; black bass, 11; bullheads 11; crappie, 9; and rock bass 1. The tagged northern pike or pickerel, either have been successful in eluding the snares of the contestants or have shed some of their tags for none has been caught to date, Director Osborne stated.

A complete list of prize winners is available in the offices of the Conservation Department at 160 N. LaSalle St., Chicago.

## Feyerabend Will Open New Car Repair Service

Amiel Feyerabend has announced that the new service department in connection with his used car sales room will be opened Monday.

He has obtained the services of an outstanding mechanic who has had 15 years of experience as top man in one of the largest new car sales service agencies in the Chicago area, and his plan is to build with new equipment a modern and efficient repair department.

## Named to Draft Board

John M. Brady of Antioch, was named today by Paul G. Armstrong as one of a ten man board, who will administer the peace time draft in Lake County. Paul Armstrong is the Director of Selective Service.

## William Christian, 61, Former Antioch Mayor, Dies in Kenosha, Wis.

### Was Also Fire Chief Here; Funeral Service At Kenosha Friday

William Christian, 61, former president of the Village of Antioch, died at the Kenosha hospital Wednesday, following an illness of two months.

He was born at Douglas, Isle of Man, England, May 14, 1887, the son of the late Mr. and Mrs. John Christian, and received his education in his native land and came to America in the year of 1911. He operated a blacksmith shop in Antioch for many years. He served as Antioch's mayor and as chief of the Antioch fire department.

September 1938 he and his family moved to Kenosha, Wis., where he was employed with the American Brass Co.

Mr. and Mrs. Christian returned home July 8 from a two-month visit in England and the Isle of Man.

He was a member of the Kenosha Methodist church, of Sequoit Lodge No. 827 A. F. & A. M. of Antioch and was a member of the Brass & Copper Workers Union of Kenosha.

Survivors are his wife, the former Cora Johnson, of Antioch, one son, Cecil A. of West Allis, Wis., two daughters, Mrs. Walter Argraves of Madison, Wis., Miss Marjorie Christian of Kenosha and five grand children, two brothers and one sister, of England.

Funeral services will be held Friday at 3 p. m. from the Hansen Funeral Home, 6019-7th Avenue, Kenosha. The Rev. R. C. Calvert of the Kenosha Methodist church assisted by the Antioch Masonic Lodge will have charge of the services. Interment will be in Green Ridge Cemetery.

## New Grass Lake School Completed for Use Next Month When Term Starts

The Grass Lake grade school, a modern structure situated near the old building on Grass Lake Rd., has been completed and turned over to the school officials.

Built at a cost of \$132,000 the new structure has two class rooms, a library, a kitchen, a powder room for the teachers, lavatories, and a large foyer. Extensive use of glass to permit much natural light into the classrooms has been the architectural purpose.

The building is so arranged that a gymnasium can be added easily later.

The two classrooms will take care of 100 pupils and 90 are already enrolled.

A bronze plaque on the building bears the names of W. C. Petty, county superintendent; Leo Streika, architect; and Geas and Sons, contractors. School board members are Charles Kemp, Arthur Anderson, Walter Forbick.

The building will be put into use next month.

## Lightning Strikes House

Lightning struck the Babe Horton house on Victoria st., Monday, passing through the wall of the bedroom, knocking off plastering and going out the window casing to the ground. No fire was started. Had it been at a time when they occupied the bedroom the Hortons might have been killed.

## Tax Increase Protests Expected to Subside as Situation Is Revealed

### Court Action Too Expensive Taxpayers Find and Also Uncertain

Meetings are being held in Antioch township and throughout the rest of Lake County in protest of the greatly increased taxes.

After the anger over the higher tax bills has cooled, taxpayers will find it wise to pay up and charge the whole thing off to their own balloting at the polls and the fact that it costs more to buy materials and services through county and township media just as it costs more to buy goods and commodities in stores.

Taxpayers may protest their tax bills but they have to do so as individual cases and not as the part of a mass protest. Unless the property owner expects to save \$50 or \$100 the costs of attorney fees and the \$10 filing fee will offset the gain.

Mass protests will tie up large sums of money and are dangerous in that they will tie up and close schools, causing teachers to resign for lack of salaries.

### May Have Kick Back

The person who pays 75 per cent of his tax bill and files a protest should have an attorney protecting his interests, otherwise the property owner may lose his protest and may be named in judgment for the tax bill and costs.

The Lake County Civic league has taken advantage of the situation to get many new members in this area. C. K. Anderson, finance committee member, told a group of Antioch citizens Sunday night that if they think their taxes are high now, wait until 1951 when the Butler bill permits taxes to be tripled without voter approval.

Walton R. L. Taylor, executive secretary of the league explained procedures used by the township assessor, the board of review and the state department of revenue in setting assessment levels on property. He said the time allotted the assessor was too brief for him to do a good job.

### Assessments Up 30 Percent

In Antioch township assessments on houses went up about 30 percent, and valuations on barns and buildings on farm land 10 per cent, according to Taylor.

"Your tax rates were further increased by boosts in tax rates applicable to your property," Taylor declared.

Increased rates include: Lake County Tuberculosis sanatorium, up 100 percent; village of Antioch, up 20 percent; Antioch Township High school, up 25 percent; grade school district No. 34, up 100 per cent; and

## Commodore's Regatta Sunday at Yacht Club Bohemia to Draw Many

Speedboat racing in the Chain of Lakes region will reach its peak Sunday, Aug. 22, when the Commodore's regatta will be held at the Yacht Club Bohemia on Fox Lake.

The Hollenbach trophy will be at stake again and there will be no restrictions as to contestants. Last year Googleman's "Apache" won the cup. The cup is held for a year and is retained permanently when won three years. About 15 names are inscribed on it so far and no one has repeated.

The Apache has been sold but the old owner has a new boat in its place.

There will be other races to interest the crowds.

## Civic League Mails Tax Protests Forms to Members

The Lake County Civic League began mailing today taxpayer instructions and protest payment forms to its members for their use in paying taxes under protest and instituting suit in County Court for tax relief.

Additional copies are available from League offices, 600 Citizens National Bank, 210 Washington St., Waukegan.

Antioch taxpayers who are not League members, can obtain membership blanks and information from Walter K. Hills, Rte. 83, south of Antioch; C. K. Anderson at the First National Bank; or Edmund Vol, at Antioch Lumber and Coal Co.

### Draining The Nation

Last year, the fire insurance industry rendered a greater public service than ever before. More losses were paid to more individuals for a greater total of dollars than in any prior year. At Texas City, the companies dealt with the greatest single disaster since the San Francisco fire of 1906. Other costly disasters included the Florida hurricane, the Maine forest fires, and the tornadoes in the Southwest.

Fire insurance thus stood solidly between thousands of families and businesses and financial disaster. It provided, swiftly and efficiently, the money needed to rebuild and repair. It was always on the job. It proved again that no form of protection is more necessary.

Yet, this industry's magnificent record of service is in itself indicative of the criminal carelessness of the American people when it comes to fire. In a single year we have destroyed \$700,000,000 worth of property through fires which were largely preventable. And the rising fire waste cannot be entirely blamed on inflationary values. The number of fires—no less than the damage done—has steadily increased.

The main reason for fire prevention, of course, is to save life and property. But there is another financial reason as well. For four successive years, the industry has operated at a loss. A number of states have recently allowed increases in insurance rates. This is just one more of the drains fire imposes on the nation.

### Do We Want Less Meat?

There has been an increasing amount of talk, much of it politically inspired, about an alleged need for rationing meat and controlling the price by governmental fiat. Inasmuch as that will be one of the major domestic issues of the year, the public should have a knowledge of the facts.

First of all, controls of any kind could not increase the aggregate supply of meat by a single pound. The remedy to the meat situation lies in the production of sufficient meat animals to handle today's tremendous demand.

What controls would do—precisely as they did in the past—would be to drive large quantities of

meat into the black market. All of us can remember the OPA days when "No Meat Today" signs were common in retail stores. It would happen again.

Most important of all, the strong probability is that rationing and other artificial controls would discourage the production of meat animals by livestock growers. They would have no assurance that they would be able to sell their stock for a price that would meet costs, much less return a profit for the work and the risk and the investment involved. Then there would be less meat for everyone, the available supply would bring extortionate prices in the black market, and, in addition, the chances are that a serious grain surplus would be created.

No one knows what the future course of meat prices or any other prices will be, but we do know that artificial price and rationing controls are much like the process of tinkering with a thermometer—the basic situation is not corrected. In a free market prices are fixed by supply and demand—not by some bureaucrat's idea of what they should be. Furthermore, in a free market they are the lowest prices possible under the conditions of the moment.

### The Low Down from Hickory Grove

You know, our hired hands down there on the wide and wandering Potomac keep talking high prices and how heaven and earth must be moved to lower same. And all this goes on just as though these same gents had no finger in the pie of bringing on the dilemma. Queer chaps.

They been chief cooks there for years—have helped most in fooling the soup. And now, instead of doing what they ought to do—admit their error or guilt, or whatever you choose to call it—they point elsewhere.

What should they do, says Henry. Let 'em consult, I says, that old Virginian, Harry Byrd, suh!—and pay heed. He can point out exactly where to operate. Our ailment is "Economic gout," brought on by too much Govt. in our diet. One million more folks than ever before needed to run the Govt. in peace times, is now interfering with our digestion—we are clear off our feed. By eliminating an excess load of one million from our back, we can shave around 6000 million bucks per year from taxes. Six thousand million bucks off our bent back, per year, should sure help everybody's budget—and tranquillity—and it sounds like a powerful sensible, horse-sense procedure.

Alright then, says Henry, if it is going to take a major kind of operation, like you say, why not have it soon, and before more complications and even higher prices set in—answer me that. You are seeing the light, I says.

Yours with the low down,  
JO SERR

### LAKE VILLA

Sermon topic announced by the Rev. Dixon for next Sunday worship service will be "Christ's Legacy to us," and the choir will be there with special music. Worship service at 11 o'clock.

On Monday, Aug. 23, the children of the church school will meet at the church at 10 o'clock with their picnic lunches and their own silver service and go to Petrifying Springs for their annual picnic. There will be enough adults to go to assure proper care and supervision.

The public is invited to come to the church dining room on Friday evening, Aug. 27, for pot luck supper, a community affair as a farewell for the Dixon family, who go to South Dakota to their new charge very soon. The motion picture, "Beyond Our Own," will be shown as a feature of entertainment.

The Rev. John DeVries, a former pastor here, now of Geddes, S. Dak., is taking a course pertaining to his work at Garrett Institute at Evanston, was in Lake Villa last Sunday and attended church services at the Community church.

The Woman's Society of Christian Service met Wednesday this week with Mrs. Grace Evans at her home, and Mrs. Hooper was co-hostess. The Rev. Dixon conducted the devotional services.

Mrs. Griffith and her daughter, Mrs. Holst, spent last week in Chicago. Their son and brother is very ill with pneumonia at a hospital there.

Mr. and Mrs. W. B. Kennedy, their son-in-law and daughter, Mr. and Mrs. William Scanlon and family, all of Chicago were guests of Mrs. Kennedy's sister, Mrs. Stella Pedersen, a few days last week.

Rudolph L. Gunnarson of Venetian Village passed away early Friday at Wesley Memorial hospital in Chicago after an illness dating from last fall after his return from California where he and Mrs. Gunnarson visited their son, R. L. Gunnarson, Jr., and family. On Christmas day he underwent an operation and has been under the doctor's care ever since. He was one of the first to build a home in Venetian Village and was an active member of

the Chicago board of trade. He was instrumental in organizing the Lake Villa Men's club which has done so much for the community. Besides his wife and son, R. L.

Gunnarson, Jr., he leaves a daughter-in-law and two grandchildren, also a sister in Chicago. His son came recently to be with him.

Funeral services were conducted Monday afternoon at a funeral home in Chicago, with the Rev. Dixon in charge, and the Masonic lodge at Millburn, of which he was a member, conducting services at the grave in a Chicago north side cemetery. Several from here attended the services.

Mr. and Mrs. B. J. Hooper visited the Wisconsin State fair at Milwaukee last Sunday.

Mrs. Charles Hamlin returned home last week after a second stay at the hospital and hopes to be able to keep the letters on time once more.

Frank Hamlin has been quite ill, but is able to be about once more. The Abbott Laboratories employees enjoyed their annual picnic at Sherwood Park last Saturday. Races, and refreshments filled the day with pleasure, including rides for the children.

Mrs. Arthur Nauta of Waukegan spent Saturday afternoon with her daughter, Mrs. Letser Hamlin and family.

The Royal Neighbor card party held at the village hall last week was very well attended and Mrs. Agnes Kelly received the R. N. quilt.

The young women's Halcyon club will sponsor its third annual style show at the school gymnasium on Wednesday evening, Aug. 25, with the Hein store of Waukegan showing advance styles for matrons, children, etc.

The firemen of Lake Villa Volunteer department will hold their annual carnival at the park over Friday, Saturday and Sunday evenings, Aug. 20, 21 and 22 and are very busy this week getting every-

thing in readiness.

Mr. and Mrs. William Schwenk of Decatur, Ill., called at the Chas. Hamlin home last Sunday evening.

Mr. and Mrs. Neil Reidel, Donna, Mrs. Reidel's cousin who is her guest, and Bruce Hamlin attended the Wisconsin State fair at Milwaukee last Sunday.

Mr. and Mrs. Dan Boyer, Mr. and Mrs. George Maypole and Harry Maypole spent last week with friends at Minocqua, Wis.

Mr. and Mrs. Edwin Kapple left last week on an auto trip to Colorado and their young daughter, Joyce, is with her grandparents, Mr. and Mrs. Albert Kapple, while

they are away.

Mr. and Mrs. Paul Avery, Sr., have moved into their new home on the north side of Cedar lake and the house they had occupied next door, is occupied by a friend from Oak Park, Mrs. Schumacher and son, also her mother, Mrs. Church. The roof of the Hucker building was put on last week and it is rapidly nearing completion. It will be a very modern and up-to-date show room and garage when done, and a credit to the village.

# Make these 4 comparisons before you buy any car

## COMPARE THE VALUE

Yes, compare the features—compare the prices—compare what you get for what you pay—and you, too, will come to the conclusion that Chevrolet is first in value. It alone gives Big-Car feature after Big-Car feature for Big-Car motoring results—and gives them at prices which are lower than those of any other car in the field!

## COMPARE THE POPULARITY

You can identify the biggest value in any list of products by picking out the one product which enjoys greatest popularity, year after year; and, of course, in the field of motor cars, that one product is Chevrolet! More people are buying Chevrolets, and more people are driving Chevrolets than any other make of car, this year as for the total 17-year period, 1931 to date!

## COMPARE THE FEATURES

Only Chevrolet combines the Unitized Knee-Action Ride for gliding smoothness . . . the world's champion Valve-in-Head engine for performance and economy . . . Body by Fisher for tasteful beauty and luxury . . . and Fisher Unitized Construction plus Unitized Knee-Action plus Positive-Action Hydraulic Brakes for all-round safety protection!

## COMPARE THE PRICES

You'll agree with millions of other car buyers that prices—like quality—are a major consideration in these times; and just as Chevrolet's Big-Car quality is unique in its price range, so Chevrolet's prices are the lowest in its field. Moreover, Chevrolet also saves you substantial sums on gas, oil and upkeep—just to help your budget all the more!

Mrs. Ethel Wood, who has been at Evanston for the past few weeks since leaving Allendale, was the guest of Mrs. Paul Avery, Sr., from Tuesday until Thursday and attended the Royal Neighbor card party on Wednesday and the Sewing club on Thursday, when Mrs. Lulu Nelson entertained the ladies at her home at Monaville.

Jimmie and Patty Hamlin celebrated their combined birthdays at a wiener roast at their home last Wednesday evening and a number of their small friends helped them to celebrate.

## Lake Villa Scouts Go To Smoky Mts.

The Lake Villa Scouts, numbering twenty-eight left Aug. 17, for a two weeks tour and camping trip throughout the Smoky Mts. Nat'l. park and other points of interest in the south. This spring six scouts under the leadership of David Shrum went on a similar trip and plotted the course for the entire troop. The troop is sponsored by the Lake Villa Community Men's club and the Board of Education. The boys are good campers, having had much experience in the past. Many of the boys have had almost 200 nights of camping out under the stars. They are travelling in the school bus by day, camping in tents by night wherever the place may be. They plan on seeing Mammoth Cave, My Old Kentucky Home, Lincoln's birthplace, Norris Dam, Mt. Mitchell, Chewee Indian Reservation and many other points. One thing the boys are looking forward to is the climbing of the Chimneys, one of the highest and most rugged climbs in the Appalachians. They will return Aug. 31, maybe tired but a lot wiser from their experience.

Brand-new Power  
in a matter of hours

Pay as you drive  
if you wish

Give Your Prewar Buick TODAY'S Fireball Zip and  
Power with a Completely Factory-Fresh Engine

No, there's no point in merely wishing you had all the peppy power of a brand-new 1948 Fireball engine under the bonnet of your trusty old Buick.

Not when you can dish yourself up a full portion of the same thrilling liveliness—in a matter of a day or so.

All you have to do is come in and see us. We can put a fresh-from-the-production-line 1948 Fireball engine into any Buick from 1937 models on. It's a completely new Buick engine—spick-and-span from head to pan—fully equipped with all the items listed in the panel.

As if by magic, you cancel out the thousands of miles of driving you've done. Cross off the leaky piston rings, worn bearings, tired ignition system. Scratch the threat of a costly engine overhaul. And figure the extra worth of your car when you're ready to turn it in.

The job doesn't take long—from one to two days. The cost is OK, too—surprisingly low. It varies a bit from model to model, but it's always low enough to make this deal a prize bargain. We'll give you the exact figure if you'll drive your car in.

Don't put it off. Make up your mind to drive a 1948-powered car now. Come in and talk it over.

LOOK WHAT YOU GET—  
ALL FACTORY-NEW!

# SOCIETY EVENTS

## Bells Will Ring Hourly Sunday to Herald First World Church Council

As a sign of rejoicing the bell of the Methodist Church will ring for five minutes each hour from nine o'clock in the morning until six o'clock at night Sunday.

Sunday, in Amsterdam, Holland, delegates of 140 Protestant and Orthodox churches from 39 countries will gather for the opening of the first assembly of the World Council of Churches. The event brings to a climax a century of vision and concrete effort to make real the great community of Christian peoples throughout the world.

"The peals of church bells on Sunday will be more than a signal for rejoicing," said the Rev. G. Richard Tuttle. "They will also call to prayer. A great commission has been laid on the shoulders of the churches' chosen delegates. They will need the spiritual backing of Christians all over the world if they are to carry forward their tasks with the greatness of mind and spirit that this age demands. If they are to see behind the chaos of man's disorder the emerging outlines of God's design."

"Their will be the task to bring into being the World Council of Churches, an embodiment of an ideal of Christian community. Theirs will also be the task of study those great issues which confront the Christian churches today, and to join their minds to discover more common unities in Christian thought."

The Methodist church will observe the occasion not only with the ringing of bells, but at the morning worship service at 11 a. m. when the theme will be, "My Christians, You Are One." A quartette composed of Mrs. Westleigh Carlsen, Mrs. Luster Badger, Mr. Edward Challinor and Mr. Charles Watson will sing, "O Lord Abide With Me." A special report will be given on the Amsterdam assembly. New members will be received into the church this Sunday.

## DAVE VOSE GETS MEMBERSHIP IN HOLSTEIN ASSOCIATION

Brattleboro, Vt., Aug. 12—Having done satisfactory Holstein calf club work during 1947, David A. Vose, Antioch, has been awarded a Certificate of Merit and granted a Junior Membership in The Holstein-Friesian Association of America, Brattleboro, Vermont. He was recommended for these awards by the State 4-H Club Leader.

All privileges of the Association except voting have been given to him until he is 21 years of age.

He is the 9327th member of The Holstein-Friesian Calf Club Association of America to achieve this national recognition.

Members of the Methodist Wesley circles will be entertained at the home of Miss Lottie Jones, Kenosha, Thursday, Aug. 26. A pot luck dinner will be served. Everyone to furnish their own table service and food and will be leaving the church at 12 o'clock sharp. Anyone having extra room may call Mrs. Good.

Mr. and Mrs. George Schmidt, of Petite Lake, are leaving Friday for a two week's trip to New York.

Mrs. Luster Badger spent the weekend in Detroit, Mich., with relatives.

Mr. and Mrs. Nels Nelson, of New Jersey are the guests of Mrs. Nelson's sister, Mrs. Olga Fischer, of Lake Villa.

Mr. and Mrs. Walter Sorenson returned home Sunday after a two weeks trip through Wisconsin.

Mr. and Mrs. Charles J. Cermak attended the Democratic Day at Illinois State fair in Springfield Wednesday.

Mrs. Ruth Anderson, Mrs. Charles Tyndall and Juanita Miller, of Indian Point and Mrs. Harold Johnson attended a stork shower given in Chicago by Mrs. C. Wray and Mrs. E. Sauermann for their niece, Mrs. Dorothy Schroeder of Indian Pt.

## Home From Fishing Trip

Former senator and Mrs. George M. Maypole and brother, Harry Maypole and Mr. and Mrs. Dan S. Boyer returned home Thursday from the R. E. Maypole estate 30 miles northwest of Minocqua, Wis., where they spent nearly a week. They enjoyed good fishing, bringing back six large northern pike. They saw a 24-pound muskie.

Mrs. Frank Williams and son, Frank, Jr., of Shawnee, Okla., are visiting friends in Antioch this week. Mrs. Williams is a former resident of Antioch and before her marriage was Miss Clara Sorenson.

Robert Brooks son of Mr. and Mrs. Harvey Brooks of Lake Villa, who recently enlisted in the Air Force, left Thursday for Antonio, Texas, where he will be in training.

### Antioch Representatives

To Junior Department of Fair Report Fine Time

Betty Jean McDougall and Jean Hawkins of the Antioch Aces, 4-H club, were among 2,000 young people participating in the junior department of the Illinois State fair this week.

Both took part in the dress review in which Marian Wirtz of the Volo Busy Bees was chosen as outstanding in her modeling of a formal dress. None of the Lake Co. 13 representatives placed in the clothing and food demonstration contests.

Jean came home yesterday, but Betty and others took a side trip to New Salem to see the Lincoln shrine. Mrs. E. J. McDougall, Mrs. Robert Murre and Mrs. Helen Volk, home adviser, were chaperons.

A new exhibit for 4-H at the fair was designed to stimulate interest in art, craft work and recreation. It supports the new program for national recreation and rural arts.

The following classes are being set up:

Black and white drawings, pastel drawings, pastel drawings in crayon, water color pictures, sculpture in wood, articles in leathercraft and metalcraft, homemade games and plastics.

## 'Poor Loan' Author Clicks for \$50,000

BOSTON.—A 33-year-old Suffolk university instructor who tried to borrow \$500 at a Boston bank—and was refused as a poor risk—has sold the movie rights to a novel for \$50,000.

Thomas Savage said he received the check from Columbia for rights to his "Lona Hanson."

"I intend to go on living the same as before," he said. "The money will go into a trust fund for my wife and two children."

Savage's philosophy: "I hope to teach my students that the more education a man has, the less money he needs. Only inadequate men need money."

The teacher explained he went to the bank for a loan to pay household expenses.

"We had just moved here," he said. "I wanted to buy some furniture. We had been living in rented places."

The bank, he said, hemmed and hawed—and politely turned him down.

"I told them I had written a novel but they told me they just couldn't see how I could possibly pay the money back," he smiled.

Savage, who has had a varied career as welder, dude ranch hand, plumber's assistant and railroad brakeman, said he "dislikes banks anyway."

But he did hear again from the one that refused him a loan.

It was one of the first to telephone congratulations on his good fortune.

"They wanted me to put the money as a trust in their bank," he explained.

"I turned them down—politely."

## Driver Finds That Beer Is No Chaser for Aspirin

SALT LAKE CITY, UTAH.—The defendant didn't tell the judge it was "only a couple of beers" that got him in trouble.

It was half a glass of beer. Brought before City Judge Frank E. Moss on a drunken driving count, the defendant explained he wouldn't have taken even that much but "I wanted to take a couple of aspirins and there was no water around to wash them down."

Moss found the explanation ingenious but insufficient.

## Doctor Recommends Juleps To Prevent Heart Disease

ATLANTA.—Now comes Dr. George R. Herrman with a good word for mint juleps.

They "dilate the arteries of the heart," the doctor explained.

For that reason, he went on to say, it might be a good idea for people to start sipping them more—and taking things easier—to help ward off an alarming increase in heart disease.

Dr. Herrman is medical professor at Texas university. He told a meeting of Georgia physicians that as the hectic mental strain of the modern age has increased, so has coronary artery heart disease—"the most common and serious type."

"We have become too hurried," he warned, "and our hearts are overtaxed."

He said, among other things, that it would be a good idea to return to "good old traditions"—a more leisurely tempo of life, including not too infrequent sips from the julep glass.

## New Russian Autos On Sale In Moscow for \$2,000 Each

MOSCOW.—New Soviet automobiles have gone on sale in the Russian capital.

A small four-door sedan model called the Moskvitch is being sold to all who have 10,800 rubles (\$2,000).

It is larger than the current American Crosley car and smaller than the prewar Willys sedan.

Predictions are that the trade in Moscow will be brisk and that the Moskvitch factory will be taxed to satisfy the public demand.

The model has been coming off the production line for more than a year, but has been sold only to Stalin prize winners, Soviet scientists and other persons honored by the state.

## Huge Anti-Friction Bearing

World's largest anti-friction bearing is about the size of a night club dance floor and carries a load equal to the tonnage of a four-stack destroyer. Its job is to turn the four-deck 18-inch gun turrets on the nation's big battleships—and the turrets must turn smoothly at the touch of a button.

## Tax Increase Protests...

(Continued from page 1.)  
school district No. 36, up 90 percent.  
Some Up 200 Percent

The combined effect of increased valuation and higher rates boosted Antioch township tax income 28 percent, Taylor said.

A heavier share of the increase fell on small home owners than on farm owners, Taylor said, and accounts for the fact that some individual tax bills show increases as high as 200 percent.

The tax expert told the audience that the only method for them to obtain tax relief is to pay their taxes under protest and bring a tax objection suit in the county court.

Tax payers are feeling the effect of a substantial increase in Antioch Grade School, District 34, taxes this year mainly because of three factors:

1. Payment of bonds and interest amounting to \$13,317.06 this year—next year \$10,475.00.

2. Cost of new school bus and garage totaling \$8,241.07.

3. Increased cost of instruction and of all operating expenses.

The erection of the new addition which originally called for a gymnasium, auditorium, a cafeteria, and 4 classrooms was postponed this year because of increased cost of materials especially with the scarcity and rising cost of steel.

The \$148,000.00 which the district received from the sale of the school lands last year has been invested in government bonds and is being held for safe keeping in the Federal Reserve Bank of Chicago, until the construction of the new building starts. The interest to be drawn on these bonds will largely offset the 2 1/2% rate carried on the issue.

## Antioch V. F. W. Wins Fourth in Row Beating Gurnee Merchants Here

Antioch V. F. W. team won fourth straight victory in a row by defeating the Gurnee Merchants by a score of five to two in a six hit pitching of Ray Forstner scored their only hit in the first inning on three strikes. The Antioch boys, this time, finished their eighth victory in a row by defeating the Gurnee Merchants in ten games.

Thursday night, Aug. 28, the V. F. W. team will play the boys team starting at 8:00 p. m. game was previously rain-out in the season and they will get it in Thursday.

Friday, Aug. 22, Doc Kings Rexes Waukegan will play a return here on the local diamond. Game will start at 2 p. m. back at Antioch High school. These boys always put up a very interesting game, and they will be to avenge their thirteen to eight defeat they received at the hands of our local boys last Fourth of July, so come on out and see a good ball game and help root our team home to victory.

**Schmeling's Marriages**  
Max Schmeling of Germany gathered more American dollars, due to fight prowess, than any other foreigner, and only four Americans—Louis, Dempsey, Tunney and Sullivan—exceeded his total. Additionally, Schmeling made money through his fights in Europe, his exhibitions there, and his showing of American-made films of his battles. Schmeling rode to fame by knocking out Johnny Riski, the "Rubber Man," in 1929.

**Marble Tournament**

g. Average daily attendance exclusive of tuition 242.56

2. PROGRAM OF STUDIES  
Regular classes were held for nine months from Kindergarten through the eighth grade.

The Kindergarten was operated in the morning only. The program developed at this level was designed primarily to help the children adjust themselves to other children and adults. They were taught to work and play together and given practice in inhibiting any undesirable tendencies.

From first grade through the third grade the following studies were covered intensively: Reading, Arithmetic, Spelling, Writing, Health, and Art. With the major emphasis being placed upon Reading. Nature study or a Science program was correlated with all grades whenever possible.

From the fourth grade through the eighth grade History and Geography were added to the above listed studies. A detailed study of our form of government, both local and national, was given in the seventh and eighth grades.

A period was given to music in all grades; and throughout the year the children derived much pleasure from working in either the chorus, band or rhythm band.

A twenty minute period was devoted each afternoon to physical education. The program was planned and supervised by the teachers of the various grades, and carried on outdoors when the weather permitted.

3. Number of persons between 12 and 21 being unable to read or write—NONE

## Pete Polarek Arrested Following Crash Monday On Rte. 21 at Soo Pass

Vincent (Pete) Polarek, 3934 S. Talman ave., Chicago, well known in this community, was arrested and charged with negligent driving and causing an accident as the result of an accident on Rte. 21, near the Soo line underpass Monday morning.

Polarek, driving north in a semi-trailer, is said to have slipped off the edge of the pavement and in trying to regain control of the truck, swerved across the highway and crashed into the side of a south-bound car driven by Fred Brown, 34, of 2924 Milwaukee ave., Chicago.

Brown suffered leg injuries and cuts on his hand, and D. M. Shugart 60, of 2924 Milwaukee Ave., Chicago, who was riding with him, was injured about the head, arms and legs.

They were taken to St. Therese hospital by the Antioch Rescue squad.

## Hoven's Colony House Residence at Rock Lake Badly Damaged by Fire

The Antioch fire department gave aid Saturday night to the Salem, Wis., department in extinguishing a fire in a house serving as an employee's annex to the Colony House, well known resort, three miles north of the village.

Fire believed to have started in the clothes closet destroyed the interior of the second floor of the residence said to have been occupied by the Colony House bartender. Cause of the blaze is unknown.

The Wilmot department arrived about the same time that the Antioch firemen did and the three departments working together confined the blaze to the second story. The occupants lost all of their clothing and linens among other household goods.

Earlier in the day the local department made a run to Minto's subdivision at Loon Lake in extinguishing a grass fire.

## Air Transport

United States' air transport system is about 20 years old, and has a record of steady growth. When the civil aeronautics act became law 10 years ago, there were 19 airlines. Today, over 100 common carriers serve the domestic market alone.

**Fishing Bulletin For Aug. 17**  
Midsummer doldrums continued to beset fishermen in waters of the Chicago area this week, although optimism is prevalent among many that improvement may be looked for over the coming weekend. Conservation Department officers report that even perch fishing in Lake Michigan has gone into a slump, small catches of small perch being brought in from the breakwaters.

**Catches Ten Pound Pike**  
John Holakovsky, 2746 South Homan St., Chicago, caught a 37 1/4 in. Northern Pike, weighing 10 lbs., near Bill Terry's Resort, Lake Marie Sunday.

**Steel Set On Station**  
Steel was set this week on the new fire station when the walls were completed.

## Franklin and Meteorology

In 1775, when he left London to return to an America that was preparing for the Declaration of Independence, Franklin amused himself during the voyage by testing the temperature of the Gulf Stream as his ship passed over it. During the week of April 28 to May 2, while the vessel travelled along the eastern edge of the stream and then crossed it to colder water, he lowered his thermometer from two to four times each day. He remarked that the water of the stream did not sparkle in the night, had its own color and that there was more gulf weed in it than in the surrounding water. He suggested that "A vessel from Europe to North America may shorten her passage by avoiding to stem the stream, in which the thermometer will be very useful; and a vessel from America to Europe may do the same by the same means of keeping in it."

## Precautions for Using 2,4-D

Nearly all plants commonly grown in vegetable and flower gardens are sensitive to 2,4-D. Even a trifling and invisible drift of spray or dust across a property line can be the cause of widespread killing of someone's favorite flowers, including expensive perennials which are difficult to replace. Damage can be done unintentionally with 2,4-D by using the same sprayer apparatus for other types of spraying. If it is at all possible, to avoid damage, sprayers used for 2,4-D should never be used for spraying any other material. If this is not practical, special care should be taken to clean the sprayer thoroughly of 2,4-D.

**Curricular Angling**  
Angling is now included as a regular part of the curriculum in some of our leading colleges and universities. Angling has become a billion-dollar business in the United States with 40 cents out of every sports dollar being spent in this agreeable pursuit. At the University of Miami, good anglers are given instruction in the fundamentals of angling and in all branches of the sport. The course requires eight weeks to complete, and emphasis is placed on practical value. The student not only learns about methods of fishing, but how tackle is made, how fishing camps are operated, and how to become a successful fishing guide. It is the one class in which it is not necessary to assign home work. The students are simply told to go out and fish, and it is a command that is enthusiastically received and carried out.

*Electricity  
is one essential item  
in the household budget  
that hasn't gone up in price*

It's hard to believe, but it's true.

Our expenses—fuel, wages, and materials—have risen rapidly during the last two years. Coal alone has gone up 26%.

Although these expenses have been rising, increased output resulting in abnormally high use of equipment has served to offset somewhat the effect of these rising costs.

Electricity—one essential item in the household budget that hasn't gone up in price—provides more and more comfort and convenience to Northern Illinois homes every day.

**Painting Radiators**

A practical method of making radiators less conspicuous is to paint them the same color as the wall which is their background. If both the wall and the radiators are painted in light colors, heat radiation will be improved. Be sure that the surface of the radiators is free from rust and clean and dry before painting is started. Be sure that the radiators are cool before they are painted. Don't turn on the heat until the paint is dry.

## STATE OF ILLINOIS

COUNTY OF LAKE  
COUNTY ZONING NOTICE  
TO WHOM IT MAY CONCERN:

PUBLIC NOTICE is hereby given to all persons in the Town of Antioch, Lake County, Illinois, that a public hearing will be held on September 10, 1948, at 1:30 p. m., in the Village Hall, Antioch, Illinois, on a proposal to vary the terms of the Lake County Zoning Ordinance, or to reclassify by amendment thereto, from the R-4 Residential District, to a B-2 Business District, the following described real estate, to-wit:

Lot 11 in Pesat's Subdivision of a part of the West half of the Southeast quarter of Section 24, Twp. 46 N., R. 10, according to the plat thereof of record April 1, 1907, as Document No. 111284, in Book "G" of Plats, page 68, in Lake County, Illinois, together with easement over private road leading from Bluff Lane and Echo Road to the public highway, situated in Antioch, Lake County, Illinois.

As a result of the Petition of Leo V. Mongoven, which is on file and available for examination in the office of the below named Board, Court House, Waukegan, Illinois.

All persons interested are invited to attend and be heard.

## Wood Lots

About four million persons in the United States own a piece of woodland which contains less than 500 acres. Together these small acreage timber owners control 200 million acres of forest. That is 60 per cent of all the privately owned forest land in this country.

Dated at Waukegan, Illinois, this 19th day of August, 1948.

The Lowly Mushroom  
Romans referred to mushrooms as "food of the gods." They have always been considered a delicacy, a fine food to be eaten slowly and enjoyed. Until the 17th century only wild mushrooms were served. It was in France during the reign of Louis XIV that mushrooms got their start as a cultivated crop.

Birds That Are Gone
